Learning A Language For Life

Spectrum Language Centre (SLC) formerly known as Pusat Bahasa Damai was established on 5th September 2005. SLC has since outgrown three premises and recently purchased its own building at 1 Puchong Business Park that provides ample space for language training programmes. Facilities available at the new campus include language lab, library, computer lab with internet access at broadband speed of 5MPS and WIFI facility.

Since its inception in 2005 Spectrum Language Centre, SLC has managed to achieve many milestones that include;

- **European Recognition:** Joint collaboration with European Institute of Education (EIE). EIE is one of the pioneering language schools in Malta. All SLC students will receive a joint certification with EIE that provides them European recognition.

- **Recruitment of Foreign Students:** Obtained Ministry of Education, Malaysia and Ministry of Home Affairs, Malaysia approval to recruit foreign students.

- **Over 100 students trained:** SLC has trained over 100’s of students to be proficient in various languages. SLC programmes focuses to improve learner’s communication, writing and overall confidence!
WHAT CAN YOU EXPECT FROM SLC?

- **Maximum teacher contact time** :- Five lessons a week means that you have more time with your teachers. They will be there to correct your mistakes and point you in the right direction. Their creative and energising lessons will help you to speak the language with greater confidence. Your teachers will guide your progress every step of the way!

- **Intensive focus on all skills** :- The longer in lesson, the longer you can seriously focus on your four key skills: Speaking, Listening, Reading and Writing. Of course other skills such as pronunciation, grammar, vocabulary, and spelling all play a role in effective language communication. At SLC you will have the time and opportunity to work on all of these.

- **Topic based lessons in everyday contexts** :- With newspapers, CD’s, internet, video and other authentic resources, our teachers use ‘real-life’ materials that not only help you to understand how language is used by native speakers, but these materials help you to study language independently long after you have left SLC. Every lesson is based on a fixed topic that you need to know, is taught within the context of the topic. You will then be able to apply your new-found skills correctly in other situations.

- **A focused yet relaxed classroom environment** :- Happy students learn better than unhappy ones! That’s not a secret, but it’s something that we at SLC strongly believe. And so our classrooms are places where hard work is carried out in informal and relaxed settings. Your ability and motivation will improve in a classroom with a great atmosphere.

We would be happy to produce a quotation and design a course specification for any courses that are not listed here. These are usually for closed groups, but could also be for individuals, and can be at any time of year. The course content can be with specific language focus, can include an activity/excursion programme if you wish and can be for any number of days. Please contact us if you have any requests.

**EXCLUSIVE PARTNER – EUROPEAN INSTITUTE OF EDUCATION (EIE)**

EIE Languages Centre is a licensed English Language School in Malta, offering English Language courses to suit all needs and ages. The EIE Group has a reputation for academic excellence. Over the years the group developed a range of flexible learning programmes in partnership with leading institutes and universities worldwide. It offers top quality qualifications which blend with the flexibility and versatility that most people require in their busy lives. There are over 2,500 students worldwide who are studying distance learning and lecture based programmes with the European Institute of Education (eie), a government licensed institute of further and higher education. These courses are professionally designed to produce highly qualified professionals who once qualified, will play important roles in commerce and industry. Students at eie are middle and senior managers who are employed with top companies and organizations which recognise the validity of EIE programmes.
